<b>Benefit limitations</b> - Some service or supplies have limits on them per year. There might be a maximum number of visits or days, or a dollar limit per year. In such cases, the benefit year begins on January 1 (unless otherwise noted). Refer to your plan documents to learn more.		
<b>Deductible</b> (per calendar year)	\$2,000 per Individual \$4,000 per Family	\$6,000 per Individual \$12,000 per Family
Covered expenses add up toward both your in-network and out-of-network deductible at the same time. You must first meet the deductible before the plan begins paying benefits, unless otherwise noted. Prescription drug costs count toward the deductible. Refer to your plan documents for details. Once you meet the family deductible, then all family members have met it for the rest of the year. There is no individual deductible for members of a family.		
<b>Member coinsurance</b>	You pay 30%	You pay 50%

<b>Out-of-pocket limit</b> (per calendar year)	\$5,400 per Individual \$10,800 per Family	\$11,000 per Individual \$22,000 per Family

In-network expenses include coinsurance/copays and deductibles. Your family will have one out-of-pocket limit. You will meet it when the expenses of several family members add up to the family out-of-pocket limit. No one person will have to pay more than the individual out-of-pocket limit amount. Out-of-network expenses include coinsurance and deductibles. Penalty amounts do not apply.

**Precertification requirements**

Some covered prescription drugs need approval from us before we will cover the drug.  
 Some covered prescription drugs require step therapy before we cover them. With step therapy, you must first try one or more drugs before we will pay for drugs that require step therapy.  
 To get the most up-to-date precertification requirements and a list of drugs that require step therapy, see your plan documents or go online to your member website.

**GENERAL PROVISIONS**

**Dependents who are eligible to be on your plan**      Spouse\*, children from birth to age 26. Student status of children does not matter.

\*Working spouses eligible for medical benefits from their own employer will no longer be eligible to enroll in an Alex Lee medical plan. If your spouse is not offered health benefits from their employer, or is not employed, you may enroll your spouse in an Alex Lee medical plan for 2026. If you and your spouse are BOTH employed at an Alex Lee company, you can cover both you and your spouse in an Alex Lee medical plan.

\*\*We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, we limit the amount it will pay. This limit is called the "recognized" or "allowed" amount.

This amount is based on the out-of-network plan you or your employer picks.

- For doctors and other professionals the amount is based on the "prevailing" charges. We get this data from an external database.

- For hospitals and other facilities, the amount is based on the Facility Fee Schedule.

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to [www.aetna.com](http://www.aetna.com) and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Navigator member site.

This applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in network. You pay cost sharing and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in-network. You pay your plan's copayments and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments and deductibles.
